PROJECTS

InsightFlow CRM - AI-Powered CRM & Competitive Intelligence Platform

Live: insightflow-fyp-ai.vercel.app/

Tech: **React.js**, Vite, Tailwind CSS, Node.js, Express.js, MongoDB, JWT, Recharts, Puppeteer, Cheerio, **LLM** APIs, Jest, Supertest

- Developed a CRM platform for lead management, Kanban sales pipelines, revenue tracking, competitor intelligence, and AI strategy generation.
- Built dashboard interfaces using **React.js**, Tailwind CSS, Recharts, reusable UI components, responsive layouts, and API-driven analytics screens.
- Implemented lead cards, pipeline views, admin features, CSV import/export, RBAC flows, scraping results, and **AI-generated** business insights.

Career Catalyst - AI Resume Builder & Job Analyzer

Live: career-catalyst-fyp.vercel.app/

Tech: React.js, TypeScript, Tailwind CSS, Node.js, Express.js, MongoDB, **Python**, **Flask**, BeautifulSoup, **Groq/Llama** API, Jest, Supertest

- Built a production-style AI career platform for resume creation, job description analysis, keyword gap detection, match scoring, and resume improvement.
- Developed responsive React screens including live A4 resume preview, template builder, dashboards, forms, protected routes, loading states, and error handling.
- Integrated REST APIs for authentication, resume management, AI analysis, PDF export, job scraping, and AI-based job matching workflows.

TutorMind AI - AI-Powered Personal Tutor with Memory

GitHub: github.com/khawarrustam/TutorMind-AI

Tech: React.js, TypeScript, Vite, Tailwind CSS, **FastAPI**, **Supabase**, **PostgreSQL**, **Supabase** Auth, **Groq** API, **Llama** 3.1, Pytest

- Built an AI tutor for CS students with personalized Q&A, topic detection, weak-area tracking, **memory** summaries, and progress dashboards.
- Integrated **FastAPI**, **Supabase** Auth, **PostgreSQL**, and **Groq/Llama** APIs to support secure, persistent, personalized learning workflows.
